Very compact south side and a very spread-out looking north side but they were very much the same distance for 10 controls. A change in orienteering style for those that ventured into both parts. Thanks very much to Kat for setting tonight. Thanks also to the MAGS boys with the fine selection of goodies to purchase after the run. (Proceeds to help their school team get to Sicily for the World Schools Champs next year).

Next week we are at 22 Huntly Ave, near the Hospital.
