

Planner: Bronwyn Holcombe - Controller: Allan Janes

Not quite the weather we wanted to kick off SummerNav in 2017 but despite the weather a large number of people came along tonight to enjoy Bronwyn and Allan’s courses on Pt England. Many had not run on the reserve before and thoroughly enjoyed the lovely coastal environment – it is even nicer on a good day! The bathing suits I had suggest you bring along would have been quite useful by the end of the evening, but you did not need to go into the sea to have your swim! As you may have seen from the signs up there tonight, the Council is planning on building a large number of houses on a big proportion of this reserve. There is some opposition to this loss of open space, both because it is a favourite haunt for a great variety of bird life, and because with the substantial infill which is happening in the area there will be a big increase in the number of people wanting to use it. Several petitions have been launched to oppose building on the Point England Reserve. If you wish to sign a petition visit one of [www.savepe.org.nz](http://www.savepe.org.nz)

Next week Summer Nav is on TUESDAY 3rd January at Alexandra Park and surrounds, entry off Campbell Crescent

Early warning MARK ON YOUR CALENDAR NOW Sunday 5th March

The Auckland orienteering clubs are hosting the World Masters Orienteering Champs at the end of April as part of the World Masters Games. This is a huge undertaking with 1600 competitors entered. This is a much bigger event than we have hosted before and we are needing to practice all the procedures. We are therefore running an event on the Massey Campus, Albany, on SUNDAY, 5th March. It will be a double ‘sprint’ – but don’t be put off by the word. This just means a nice short event, on a complex building map. However to make it more worth your while we are making it a double sprint. So you go out on 2 courses. There will be 8 courses to choose from – 6 of the same difficulty, ranging from about 3.7km down to about 1.4km, with 2 more short, easier courses. We will run this event in a more formal way, but only so we can practice our procedures. We ask you to pre register your intention to come on a website and you will be allocated a start time for both your courses (allowing plenty of time for recovery). Electronic timing will be used and there will be a formal start and finish procedure like happens at a major event. However all this is just to allow us to practice. There is nothing official or formal about the event – just a couple of runs around. To test out our systems we do need LOTS of people so PLEASE mark the date on your calendar and come along to help our preparation for welcoming the rest of the world to New Zealand. Starts will be from 11am as it is also Round the Bays day, so we are hoping that some of you who are competing will come after your warm up! (you can request a later start time if you are coming after Round the Bays) Costs will be the same as for SummerNav, except ALL CHILDREN WILL BE FREE, as it is Children’s Day. We will also loan you an e card for use with the electronic timing for free for this event, if you do not own one.

**Course: 1 (Difficult)**

**Length: 8.50km**
